Re: Feedback on Communication Effectiveness with the Langley School District

The **Langley School District** is working to **improve communication** with stakeholders in order to have effective communication with all partners, parents are an integral part of the partner group.

The **Langley DPAC** is participating in an *Ad Hoc Communications Committee*, this committee identified the five themes below related to communication as areas where we need your feedback.

How do you feel affected by communication under these themes?

1. Value and Inclusiveness:

2. Transparency:

3. Trust/Relationships:

4. Structures:

5. Consistency:

Do you have concrete examples that could lead to improvement in Board-related communication?

What suggestions do you have for implementation of your proposed improvement?
